

## REPORT - BC8s WrenchFest – Saturday, Sept 18, 2021

Although the morning started with showers, it turned out to be a fantastic day for the last WrenchFest of the season! A total of eight folks attended during the day with six E31's on hand, one E34 M5 and a Chrysler Magnum Stationwagon. Attendees included Vic, Tim, Mike, Dietmar, John, Glen, Henry & Tom. John replaced spark plugs on his E31, Glen replaced the exterior door handle gaskets on his M5, Mike and Dietmar did exterior door handle repair on Mike's E31. The next BC8s event will be the Sea to Sky Thanksgiving Day drive from North Vancouver to Squamish. We will send out an email to everyone once the details have been finalized. This event was scrubbed last year due to Covid 19. Fingers crossed it will not be cancelled this year. Stay tuned!
